

# THEATRICAL PREMIERE *Catching Sight of Thelma & Louise*

Powerful, authentic, and timely, *Catching Sight of Thelma & Louise* dives off the edge into the truth of women's experience in the world. It revisits the journey of *Thelma & Louise* through the lens of viewers who saw that iconic film in 1991 and shared intimate, personal, stories at that time. The same women and men were tracked down 25 years later. Are their responses different now? Has anything changed in the way women are treated?

Clips from *Thelma & Louise* weave through the interviews, revealing why this cinema classic continues to resonate with millions of viewers, the world over.
